## OUR MISSION

The mission of Georgia Conservation Voters is to preserve and enhance the quality of life for all Georgians by making conservation issues a top priority with Georgia's elected officials, political candidates and voters.

## WHY GEORGIA CONSERVATION VOTERS

The most important decisions made on the environment are made by elected officials, so one of the most important things we can do to protect the environment is elect pro-conservation candidates.

Since 2000, Georgia Conservation Voters has worked at the State Capitol to strengthen laws that safeguard the health of our communities, the beauty of our state and our economic future.

Our election work helps voters understand the environmental records of the candidates. In 2010, 12 of our 13 endorsed legislative candidates won in the primary elections and 29 of 32 candidates won in the general elections.

Helping Georgia Conservation Voters is a critical investment that will leave a legacy of clean air, clean water and natural areas for future generations to enjoy.
