### Check out Georgia Conservation Voters in *Creative Loafing's* "Green Guide 2009"

Don't miss *Creative Loafing's* "Green Guide 2009", where Georgia Conservation Voters's Jill Johnson is named as a member of the "2009 Green Team".

Click [here](#) to read the article, which names Jill as one of 'metro Atlanta's boldest and brightest environmental trailblazers' for her work as Program Director and Lobbyist with Georgia Conservation Voters. The article highlights her determined work during the 2009 and past legislative sessions, including her role in this year's defeat of SB 164, a bill that would have allowed for expanded tree-cutting along roadways by the billboard industry.

You can find out more about Georgia Conservation Voters's work at the Capitol this year and help us honor those legislators that stood up as champions for Georgia's environment at the 2009 Environmental Leadership Awards. Details included below.

## About Us:

Georgia Conservation Voters works to preserve and enhance the quality of life for all Georgians by making conservation a top priority with Georgia's elected officials, political candidates and voters. GCV understands that the most important decisions made on the environment are made by elected officials, so one of the most important things we can do to protect the environment is to elect pro-conservation candidates.
