### Vote Tomorrow

On February 5th, millions of Georgia voters will go to the polls for the 2008 Presidential Primary.

To find out where to vote, visit the Secretary of State's office [here](#).

Although Georgia Conservation Voters focuses our efforts on state level elections, our phones have been ringing off the hook with calls from concerned Georgians wanting to know more about where presidential candidates stand on the environment.

Through our partnership with the national LCV's Heat is On Campaign, we can provide a 2008 Presidential Primaries Voter Guide about how each candidate--Republican and Democrat--stands on global warming.

You can read the voter guide by clicking [here](#).

## Come Party at the Environmental Legislative Reception

### About Us:

Voter by voter, GCV is transforming the political landscape by electing leaders with conservation values and holding them accountable to implementing policies that ensure clean water and air, abundant wildlife, scenic landscapes, and economic opportunities for all Georgians.

## Sustainable Business Day Round-Up

Georgia Conservation Voters co-hosted the Fifth Annual Sustainable Business Day at the Capitol with Sustainable Business Partners and the Georgia Recycling Coalition.

In one of the largest and most successful events to date, more than two dozen sustainable businesses set up exhibits and spoke with legislators in the South Wing of the Capitol. To see House Resolution honoring the participating companies, click [here](#).

We would like to thank Representative Pat Gardner, Senator Jeff Mullis and Honorary Chair Laura Turner Seydel for their continued leadership. Thanks also to Representatives Lynn Smith and Dubose Porter, Senator Ross Tolleson, Lt. Governor Casey Cagle and Governor Perdue for their support.

Sincerely,
