GCV Endorsed Candidate: Jim Powell for Public Service Commission

Vote in Tomorrow's Runoff Election

Elected officials make important decisions that affect Georgia's air, land, and water. Georgia needs its elected officials to place as much importance on preserving our environment as you do.

Tomorrow, Tuesday, December 2nd, you will have another chance to voice your support for the candidates that share your conservation values. Be sure to vote and encourage your friends and colleagues to vote as well.

Visit the [Secretary of State website](#) to find out more information about voting in the runoff races or to find your polling location.

GCV Endorsed Candidate: Jim Powell for Public Service Commission

GCV endorsed candidate Jim Powell is in a runoff for Public Service Commission District 4 against former PSC Commissioner Lauren "Bubba" McDonald. Public Service Commission District 4 covers the northern portion of Georgia, but voters statewide will have a chance to vote in this runoff.

With decades of experience at the U.S. Department of Energy, Powell is ready to take action to reduce energy prices through energy efficiency and promoting a more diverse mix of sources of energy. Find out more about Jim Powell at <http://www.jimpowellforgapsc.com/>.

Or to learn about why Georgians cannot afford more of Lauren "Bubba" McDonald, visit www.thetruthaboutbubba.com. This website, paid for by the GCV Action Fund, details how Bubba McDonald consistently opposed saving consumers millions of dollars in energy prices, lied about a behind-the-scenes deal on a rate case, and has been a puppet for special interests throughout his career.

Sincerely,

Chris Osborne,
Executive Director

About Us:

Georgia Conservation Voters works to preserve and enhance the quality of life for all Georgians by making conservation a top priority with Georgia's elected officials, political candidates and voters. GCV understands that the most important decisions made on the environment are made by elected officials, so one of the most important things we can do to protect the environment is to elect pro-conservation candidates.
