Vote Your Conservation Values

The months of campaigning are reaching their end and it is time for the people of Georgia to make their voices heard. Georgia Conservation Voters is here to help you vote your conservation values.

Most people have decided how they are voting in federal races, but do you know who's more environmental when it comes to your choices for your state representative and state senator? See a full list of [GCV-endorsed Candidates](#) and our [2007-08 Legislative Scorecard](#) from the Georgia General Assembly.

Vote in Advance

We urge you to consider voting in advance to avoid long lines on Election Day. Advance voting began yesterday, and will end on Friday.

Visit the Secretary of State's website to find the [advance polling locations](#) in your county

Vote on the Amendments

Learn why GCV urges a YES vote on [Amendment 1](#), a YES vote on [Amendment 2](#) and a NO vote on [Amendment 3](#). All three amendments are important ballot questions that will impact Georgia's environment for years to come. You can also read why [both Democrat and Republican state legislators oppose Amendment 3](#).

Vote in Style

If you want to show up at the polls in style, check out our [online store](#). You can stock up on hats, long sleeve shirts or hoodies in case you find yourself in long lines at the polls. Or just pick up a Georgia Conservation Voters bumper sticker for your car or truck to let folks know that you vote your conservation values.

Sincerely,

Chris Osborne,
Executive Director

About Us:

Georgia Conservation Voters works to preserve and enhance the quality of life for all Georgians by making conservation issues a top priority with Georgia's elected officials, political candidates and voters. GCV understands that the most important decisions made on the environment are made by elected officials, so one of the most important things we can do to protect the environment is to elect pro-conservation candidates.
